

SMS 100 Pellet

99% Soil Surfactant Pellet

ACTIVE INGREDIENTS

99.0 % Alkyl ethoxylates and Polyoxyalkylenes
1.0 % Water

NON PHYTOTOXIC
Not a Plant Food Product

Store in a Cool Dry Place
Keep out of Reach of Children

For Professional use only.
Prior to using this product read this entire label,
conditions of sale and additional precautionary
and safety statements.

DIRECTIONS FOR USE

SMS 100 Pellets are to be applied with a hose-end applicator during hand watering or syringing. Apply throughout the year with no phytotoxicity to all types of turf grasses, annuals, and perennials. SMS 100 Pellets are an excellent tool to be used after chemical applications that are required to be watered in.

SMS 100 Pellets will dissolve within one hour at water pressures of 90 to 120 PSI. The rate at which an individual SMS 100 Pellet dissolves is determined by water quality, temperature, pressure and flow rates.

The flow of water through the hose-end applicator should follow the molded arrow. Please note some hose-end applicators have the flow opposite the molded arrow.

GOLF TURF

Insert one SMS 100 Pellet into the hose-end applicator and use whenever hand watering or syringing is required. Apply once a week throughout the growing season.

GENERAL TURF

Use SMS 100 Pellets once a week when hand watering throughout the growing season. Soak hard-to-wet areas, quickly drying mounds, newly sodded areas and highly compacted areas.

HORTICULTURE

Use SMS 100 Pellets when hand watering. Apply twice a month throughout the growing season.
